

Problem 2 — Line Chart: Analyze Monthly Sales Trend

Business Requirement

The sales manager wants to understand how total sales changed from January to December.

Task

Create a Line Chart showing:

Month → Total Sales

Your chart should contain:

January → Total Sales

February → Total Sales

...

December → Total Sales

Requirements

Use a Line Chart

Add chart title: Monthly Sales Trend

Add axis titles

Keep the chart simple and readable

Display data labels if useful

Business Questions

Is sales increasing or decreasing over time?

Which month had the highest sales?

Which month had the lowest sales?

Expected Skill

Line Chart + Time-Series Visualization

Month	Sum of Sales (₹)
Jan	290000
Feb	320000
Mar	326000
Apr	358000
May	391000
Jun	424000
Jul	459000
Aug	490000
Sep	520000
Oct	553000
Nov	591000
Dec	640000
