

Problem 3 — Pie Chart: Product Contribution

Business Requirement

The management team wants to understand how much each product contributes to the company's total annual sales.

Task

Create a Pie Chart showing the percentage contribution of:

Laptop
Mobile
Tablet
Accessories

Requirements

Your Pie Chart should show:

Product names
Percentage contribution
Meaningful chart title

Example title:

Annual Sales Contribution by Product

Business Questions

Which product contributes the largest percentage of total sales?

Which product contributes the smallest percentage?

Approximately what percentage of total sales comes from Laptop?

Expected Skill

Pie Chart / Part-to-Whole Analysis

Row Labels	Sum of Sales (₹)
Accessories	573000
Laptop	2176000
Mobile	1572000
Tablet	1041000
Grand Total	5362000
